Comments:

(1) Assets: are general economic resources owned by the Agency. In our case this is usually
comprised of Cash, amounts owed to us, and items we have pre-paid for.

(2) Liabilities: debts of the Agency which have been recognized. We show the amount of
discounts not yet taken but authorized, and amounts owed for billed materials or services.

(3) Fund Equity: the "net value" of the Agency. The amount of economic resources available
to fund future operations. This amount always equals Assets minus Liabilities, and is
shown with the Fiscal Year's beginning balance and the net of all other financial activity.

(4) Cash: this is the amount of actual cash we have on hand as of the date of the report. It
includes amount remaining of our initial funding. The total of all Liabilities should be
subtracted from the cash balance as these amounts are approved expenditures and are
pending payment.

(5) Accounts Receivable: These are amounts owed to the Agency for various reasons. We
typically have amounts due to us because we have billed for Returned Check Fees,
Unearned Discounts and amounts still due for coverage for previous months.
